PUBLIC NOTICE

TOPIC: Wastewater Sludge Land Application Permit Modification

NOTICE NUMBER: 10-076-M **DATE:** May 19, 2010

PROPOSAL: Modification of existing Land Application of Sludge Program (NPDES Permit: SC0020010)

PERMIT APPLICANT: City of Clemson (Cochran Road WWTP)

LOCATION: Land application of treated wastewater sludge in Anderson and Pickens Counties

SUMMARY: The Department of Health & Environmental Control (DHEC) regulates the discharge of pollutants in South Carolina. Based on the application from the City of Clemson, DHEC proposes to modify/change the land application of sludge approval supplement to the (SC) permit to allow for additional permitted acreage for “Class B” sludge land application in Anderson and Pickens Counties (4 site, approximately 414.4 net acres -*See map below for new sites*), sludge supplement language updates and repagination of the supplement has occurred due to this modification. DHEC believes this permit modification and change will protect the groundwater and comply with the current sludge disposal regulations.

NOTICE PURPOSE: DHEC is seeking public input on this proposed action.
